GOJO PRODUCT CATALOG

PURELL®, **PROVON®** and **GOJO®** brand products,
dispensing systems and skin care programs.

Welcome to the GOJO Professional Markets Catalog, where you'll find a comprehensive array of products and programs all aimed toward one goal: improving well-being through hygiene and healthy skin. That's been our focus

for 60 years – and it's more important than ever in a world that is increasingly concerned about reducing the spread of germs while improving skin condition.

2

In this catalog, you'll find a wide range of products aimed at improving well-being: PURELL®, the #1 instant hand sanitizer in America; PROVON®, our comprehensive line of healthcare products; and GOJO®, our complete line that includes washroom, shower and heavy-duty skin care products. All are available in a variety of package and dispensing configurations for use in professional settings.

Focus on Skin Care Solutions

At GOJO, our sole focus is on hygiene and healthy skin.

That's why we lead the industry in skin care solutions for a variety of markets, including healthcare, manufacturing, automotive, foodservice, education, health & fitness and government. Each market provides us with a more in-depth understanding of the science of skin care, and we apply that knowledge to every market we serve.

We combine progressive product formulations, carefully engineered dispensing technology and scientifically based education and training programs that encourage healthy skin care behavior. The resulting skin care programs are the most extensive and comprehensive in the industry.

PURELL®

The brand people know and trust.

Germs are everywhere. **Soap and water aren't.**

Whether or not you see them, germs are everywhere. They're on desks, phones and

even elevator

buttons. And

since most germs

are spread by hands, it's easy to see how quickly those germs can spread in any professional setting where people interact.

So, how can you quickly and conveniently kill germs on your hands – without having to leave whatever work is at hand?

Simple: use PURELL – America's #1 instant hand sanitizer.¹

1 PURELL is the largest-selling instant hand sanitizer brand in food, drug and mass-merchandise retailers according to Information Resources International, Inc.

Purell is a trademark of Warner-Lambert Company LLC

Healthcare. Education. Foodservice.

Use PURELL® wherever YOU need it most.

Easy to use and as safe on hands as regular soap and water, alcohol-based PURELL kills 99.99% of most common germs that may make you sick.

Best of all, you can make PURELL readily available whenever and wherever you need it.

In fact, the U.S. Centers for Disease Control and Prevention (CDC) recommends the use of alcohol-based hand sanitizers to help prevent the spread of germs in hospitals, offices, schools and child-care centers. PURELL also makes good sense in foodservice, military and manufacturing environments, where there is high potential for germs to spread.

Whether it's in a pump bottle, a wall dispenser or even in your pocket, PURELL is the cost-effective way to practice good hand hygiene quickly and conveniently. Use PURELL regularly to help you, and those you are in touch with, steer clear of germs.

PURELL®

POWERFUL DEFENSE AGAINST GERMS.

PURELL Instant Hand Sanitizer

America's #1 instant hand sanitizer. Kills 99.99% of most common germs that may cause illness. Works in as little as 15 seconds. No water or towels needed. Specially formulated with moisturizers to leave hands feeling soft and refreshed.

Helping our military stay healthy and mission-ready

Today's military faces many challenges in maintaining health and mission readiness. With field conditions that aren't exactly optimal, poor personal hygiene and field sanitation may result in illness and disease, which can impact a unit's ability to perform their mission.

Stay healthy and mission-ready with PURELL Instant Hand Sanitizer in the PURELL FST™ Military Bottle. Special side grips for easy one-handed dispensing. Flexible, lightweight design fits in pockets or pouches. Built tough enough for military use and to withstand temperature extremes. Low infrared signature for night (NVG) operations.

One touch...

and **SUDDENLY**

the germs are spreading.

Are you prepared for an illness outbreak?

Most germs are spread by hands; hands carry germs throughout the office. With one touch, germs may spread to co-workers and common work surfaces.

The average desk harbors over 10 million germs.¹

Germs are often found where employees spend most of their time – the desktop. Busy people don't have time to wash their hands frequently, so the result may be the spread of germs that may cause illness, absenteeism and lost productivity. The CDC and the U.S. Department of Health and Human Services recommend the use of instant hand sanitizers when you can't get to soap and water.

PURELL® Program for Workplace Wellness

<http://workplace.gojo.com>

8 Put PURELL to work!
Help stop the spread of germs with the PURELL Program for Workplace Wellness.

PURELL, America's #1 instant hand sanitizer
PURELL kills 99.99% of most common germs that may make you sick. It's the brand people know and trust.

PURELL on the desktop...where the germs are
The PURELL Pal or PURELL Desk Caddy on every desktop is a daily reminder to fight germs regularly. Each kit includes an 8 fl oz bottle of PURELL, a PURELL Pal or PURELL Desk Caddy and an educational brochure.

PURELL E3 Rated Instant Hand Sanitizer

Instant hand sanitizer formulated for the food processing industry. Use as a no-rinse adjunct to handwashing. Effective against germs and microorganisms that may cause illness. Supports hand hygiene compliance; meets guidelines for use in USDA and US federally regulated food processing facilities. Listed with NSF International as an E3 for use in all departments of USDA-regulated food processing environments. Exceeds the chlorine equivalency standard set by NSF for E3 category status. Kosher certified. Part of the GOJO Hygiene Management System for Food Processors, a comprehensive program that supports effective hand hygiene and compliance as part of the quality control process.

PURELL Instant Hand Sanitizer – Food Code Compliant*

Ideal for foodservice environments. *Meets Food and Drug Administration Food Code Hand Sanitizer Requirements (Section 2-301.16) with ingredients that are safe for use by employees with direct food contact. This breakthrough formula eliminates the need for foodservice professionals to rinse their hands after use and prior to direct food contact.

HEALTHCARE

PURELL with DERMAGLYCERIN SYSTEM™ improves skin condition.

It's a fact.

A key barrier to hand hygiene compliance in healthcare is dry, irritated skin as a result of frequent handwashing. PURELL with DERMAGLYCERIN SYSTEM is clinically proven to improve skin moisture content in 14 days.¹

1 Clinical field evaluation, 2/9/05 – 3/9/05. Study ID 2005-01-F10103 Data on file. GOJO Industries, Inc.

PURELL® Surgical Scrub with Moisturizers

The quickest way into the O.R.

10 Be surgery-ready in record time with PURELL Surgical Scrub with Moisturizers. With just two applications of 2 mLs of PURELL Surgical Scrub, this non-sticky, silky-smooth, fast-drying formula allows for easy gloving and gets you into the O.R. quicker. Everything you have come to expect from waterless, brushless Surgical Scrub and more. Broad spectrum, fast-acting agent significantly reduces microorganisms on skin. Persistent antimicrobial activity decreases rebound of microbial growth for up to six hours. Does not impact the integrity of latex, neoprene or polyisoprene surgical gloves and is compatible with CHG. Mild, non-irritating, formulated with five skin-conditioning agents and no CHG to help maintain healthy skin.

*Fight the spread of germs...
at school*

51% reduction in absenteeism³

Illness is responsible for 144 million lost school days per year. That can mean significant lost learning opportunities, reduced funding and increased operating costs for substitute teachers.

In a study conducted in schools, absenteeism caused by illness was 51% lower in classrooms that used PURELL® regularly and implemented a hand hygiene educational program vs. classrooms that did not.

The GOJO Hand Hygiene Program for schools includes PURELL, our popular GOJO® Luxury Foam Soap and a complete educational curriculum to educate kids on the importance of hand hygiene. For program details, visit <http://education.GOJO.com>.

3 Guinan, M., M. McGuckin, and Y. Ali. 2002. The effect of a comprehensive handwashing program on absenteeism in elementary schools. American Journal of Infection Control 31: 1-8.

MICRELL®

Reduce the risk of cross-contamination.

In the foodservice industry, reducing the risk of foodborne illness is a constant challenge. Employees need to wash their hands frequently to help prevent the spread of germs. MICRELL brand products are part of a complete hand hygiene regimen that includes hand sanitizing and hand moisturizing for maximum results.

Commitment to food safety keeps customers coming back

In foodservice, when it comes to germs and appearance, customer perception is reality. If restaurant patrons think there's a germ issue in front of the house, chances are they'll assume there's one in the back of the house, too.

PURELL OUT FRONT™ is a program that creates a lasting – and positive – impression on guests by offering them PURELL, America's #1 instant hand sanitizer. It's the brand they know and trust to kill 99.99% of most common germs that may cause illness.

A wide range of product options are available to get PURELL where it's needed and will be used. Hostess stations. Tabletops. Drive-thrus. Play areas. Even a personal system for staff to wear and use.

For more information on the program, visit www.foodservice.GOJO.com.

PROVON®

Skin Care Solutions for Healthcare.

Healthcare institutions face more challenges than ever: smaller workforces, financial pressures and consumers who can make more informed choices. With a full line of gentle and effective products to help keep skin clean, smooth and healthy, PROVON helps healthcare professionals meet these challenges, while improving the quality of care.

PROVON simplifies time-intensive tasks like patient bathing and incontinent care through improved formulations and convenient dispensing options. We help doctors, nurses and aides with their daily routines through our highly acclaimed in-service training and education programs. Our goal— improve the health and well-being of patients and the people who care for them.

The PROVON® Advantage: Clinically proven skin care products.

PROVON offers a complete skin care regimen that includes handwashing, moisturizing, perineal care and bathing products. These proven skin care products meet the healthcare industry's standards and requirements and help keep staff, patients' and residents' skin clean and healthy.

PROVON brand products are dermatologist-tested and specially formulated to help keep skin healthy. PROVON handwashing products are effective, yet mild and gentle, to help support hand hygiene compliance initiatives.

The most comprehensive line of skin care products on the market.

Non-Antimicrobial Hand Soap

Gentle and effective, PROVON® skin cleansers are specially formulated to help keep skin healthy. These dermatologist-tested formulas encourage frequent handwashing by healthcare professionals. The complete line of PROVON non-antimicrobial hand soaps includes both foam and liquid soaps in a variety of sizes and delivery system options to meet most any need.

All the tools and support you need to help build hand hygiene compliance.

Hand hygiene plays a key role in reducing the spread of healthcare-associated infections. Getting the right products in place to facilitate hand hygiene is essential. Getting staff to follow hand hygiene protocol is critical. GOJO offers a variety of programs to build hand hygiene compliance.

PURELL® PORTAL™ Program

A comprehensive hand hygiene program that helps to maximize compliance by addressing three critical areas: preferred product, accessible dispensing and program support.

“Continue the Care” Hospital Admission/Discharge Program

A hand hygiene wellness program designed to demonstrate a hospital’s commitment to community health and patient well-being when admitted or discharged from the hospital.

PURELL® and PROVON® Hand Hygiene Monitoring Program

Compliance-building approach to hand hygiene monitoring, reporting and feedback. Supports CDC and JCAHO recommendations.

PURELL and PROVON Hand Hygiene Desk Reference

The Hand Hygiene Desk Reference presents hand hygiene specific regulatory and pathogen information in a user-friendly format. By including downloadable educational and awareness-building materials, the Hand Hygiene Desk Reference can become your convenient first stop for developing hand hygiene policy and training materials.

Self-Study Continuing Education

Programs aimed at improving hand hygiene for healthcare professionals. “The Way Skin Stays Healthy” is a comprehensive in-service training program for hand hygiene, resident bathing, and incontinent care. “Flu In-Service” training includes CDC recommendations.

GOJO® –

it's all about **clean,**
healthy skin.

It's not just about getting hands clean.

It's about keeping skin healthy.

Changing the lives of workers who thought soiled-looking, work-worn hands were part of the job. Taking preventative measures to reduce the occurrence of occupational dermatitis to help keep workers healthy and on the job. Or simply improving the perception of quality in a facility by offering a more pleasant handwashing experience. From the introduction of our first waterless hand cleaner 60 years ago to our new spa-quality luxury foam cleansers, body wash and shampoo, GOJO brand products have consistently delivered high-quality solutions to help keep skin clean and healthy.

GOJO offers a complete line of general and antibacterial handwashing formulas including foaming soaps, medium- and heavy-duty hand cleaners, specialized cleaners, wipes, shower soaps, hand lotions, skin conditioners and protective gloves.

GOJO quality formulations cover a wide array of hand cleaning and skin care needs. You'll find our extensive product offering in manufacturing plants, automotive repair shops, public washrooms, schools, health clubs, food processing facilities and more. We can help improve skin care in your facility by tailoring a program to meet your needs.

Hand Soap (Non-Antimicrobial)

From our new luxury foam soap to lotion soaps and economical, general-purpose hand cleansers, GOJO offers hand soap in a multitude of formulas, fragrances and delivery systems to meet most any need.

GOJO® Green Certified Foam Hand Cleaner

Health club shower operations made clean and simple.

In health clubs, cleanliness impacts member retention. A recent survey showed that 53% of members who quit and joined other clubs did so because they perceived the facility was not clean.¹ The

GOJO Total Solutions Health & Fitness Program can have a huge impact on club cleanliness. The program includes GOJO Luxury Foam Hair & Body Wash, an all-in-one formula that can be used for shower or sink. Members love the rich, thick lather. Facilities Managers love that it rinses clean, all the way down

the drain so there's never an issue with soap scum. Clubs can further enhance their image with PURELL®, America's #1 instant hand sanitizer. PURELL kills 99.99% of most common germs that may make members sick.

Operations are further simplified with the large-capacity GOJO® FMX-20™ Foam Soap Dispensing System. Members use 56% less foam than liquid soap.² That, plus the large capacity means up to 5 times more showers between refills than old-style 800 mL liquid soap dispensers.³

Investing in quality soap formulas and cleaner showers is not only sanitary, it's good business.

¹ IHRSA Study, "Why People Quit," 1998

² GOJO product usage study including over 12 million workouts from January 2003 – July 2004 comparing liquid and foam shower soaps. Assumes a 40% shower-to-workout ratio.

³ Based on 20.8 mLs of liquid soap per shower, 9.1 mLs of foam soap per shower.

Purell is a trademark of Warner-Lambert Company LLC

MANUFACTURING

Improve skin condition with GOJO.

A study conducted at a fiberglass manufacturing facility showed a significant change in the skin condition of workers using the GOJO Skin Care Program over those not using it.¹

The comprehensive skin care program used in the study included:

- Site surveys and analyses
- A training program
- The use of GOJO products such as GOJO MULTI GREEN® Hand Cleaner (a medium duty industrial cleanser) and GOJO HAND MEDIC® Professional Skin Conditioner

34

The bottom line?

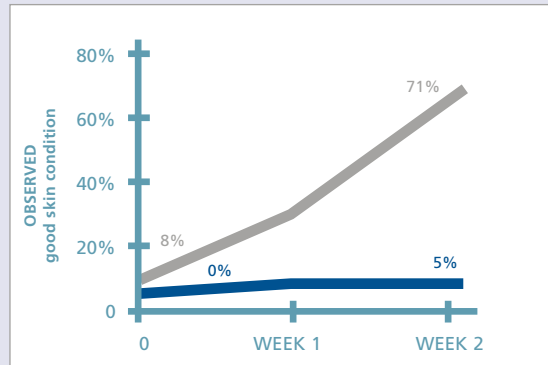

To combat contact dermatitis, a complete skin care regimen offers a winning combination of effective solutions.

¹ Arbogast JW, Fendler EJ, Hammond BS, Cartner TJ, Dolan MD, Ali Y, Maibach HI. Effectiveness of a Hand Care Regimen with Moisturizer in Manufacturing Facilities Where Workers Are Prone to Occupational Irritant Dermatitis. *Dermatitis*, Vol 15, No 1 (March), 2004; pp 10-17.

Dramatic results in 14 days.

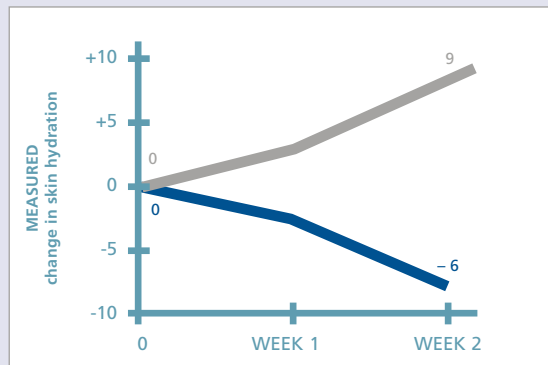

Case studies confirm consistently dramatic results – in two weeks or less. Groups of industrial workers used GOJO® SKIN CARE SOLUTIONS™ – while groups of co-workers cared for their skin as they always had.

Workers felt it.

Workers following the GOJO program, including training and recommended skin care practices, could see and feel the difference in their own skin. After using GOJO SKIN CARE SOLUTIONS 71% of workers rated their skin as “good,” while only 5% of the control group did so.

Data proved it.

GOJO used scientific instruments to measure skin hydration, the amount of moisture in the outer layers of the skin, which helps to keep skin intact and prevent cracking. This confirmed that workers using GOJO SKIN CARE SOLUTIONS had significantly better skin condition than the control group.

GOJO REGIMEN

CONTROL GROUP

GOJO has conducted outcome studies in many industries, including:

- Metalworking facilities
- Oil refineries
- Fiberglass plant

The Science of Skin Care

GOJO knows how to help prevent irritant contact dermatitis. We've conducted decades of research in different occupational settings on product formulations and worker needs and behaviors worldwide. The result is GOJO® SKIN CARE SOLUTIONS™, a comprehensive skin care program designed to improve skin condition, a critical part of reducing worker risk for illness and cutting related employer costs.

The GOJO Skin Care Learning Center is a state-of-the-art facility where worker skin health is measured and evaluated using advanced scientific instrumentation. Integrating research from our Skin Care Learning Center, with workplace experience and insights, makes GOJO SKIN CARE SOLUTIONS highly effective.

For more information about the Skin Care Learning Center, including easily accessible research outcomes, tools and study summaries, visit the GOJO Manufacturing web site at <http://manufacturing.gojo.com>.

At GOJO, the business of clean, healthy hands goes beyond hand cleansing. Hand protection is just as critical, especially in heavy-duty applications. That's why we've developed a new high-quality glove made of advanced-technological materials for premium hand protection. Lightweight, high-performance GOJO Professional Technician Gloves were designed and tested with the help of professional mechanics and technicians to assure top performance.

GOJO® HITACTILE® Gloves

High-strength nylon weave material with CHEMTRILE™ Nitrile coating on palm to repel oils and liquids. For applications where dexterity and hand protection are both critical.

TFX™ Touch Free Dispensing Systems

Touch-free, Trouble-free Hand Hygiene

When people want to get their hands clean, the last thing they need is to touch a dirty dispenser. With the GOJO® TFX™ Touch Free Dispensing System, there's nothing to touch — just place hands below. The future of hand hygiene is touch free.

TFX™ Touch Free Dispenser

- 1200 mL high-capacity refill
- Skylight makes it easy to see when it's time to reload
- Dispenser turns off automatically when opened
- LED light shows when battery charge is low
- 30,000 uses from three standard C-size alkaline batteries (included)
- Fully ADA compliant, UL/CE registered
- 3 year performance guaranteed

2720

2745

2730

So advanced, yet so simple.

- Refill snaps securely into place with an audible click
- Sanitary-sealed collapsible-bottle refill keeps germs out
- Helps keep dispenser and sink area clean
- Fresh dispensing valve with every refill

CX™ Counter Mount System

The **superior** counter mount handwash experience

GOJO® CX Counter Mount System delivers rich, luxurious foam soap. That alone enhances your facility image. But there's more. In addition, you get a high quality counter mount system without the usual headaches—plus a snap-in-place cartridge system that makes refills quick, easy and sanitary.

High Capacity 1500 mL Refill

- 1,500 dispenses per refill
- Less chance for system to be out of soap
- Reduced labor cost

8561

CX Counter Mount System

- Built to last – guaranteed for life
- Luxurious foam soap from a counter mount system
- High capacity – more handwashes between refills
- GOJO NEAT DISPENSE™ design eliminates drips
- Mess-free sanitary-sealed refills are quick and easy to load

CX™ System

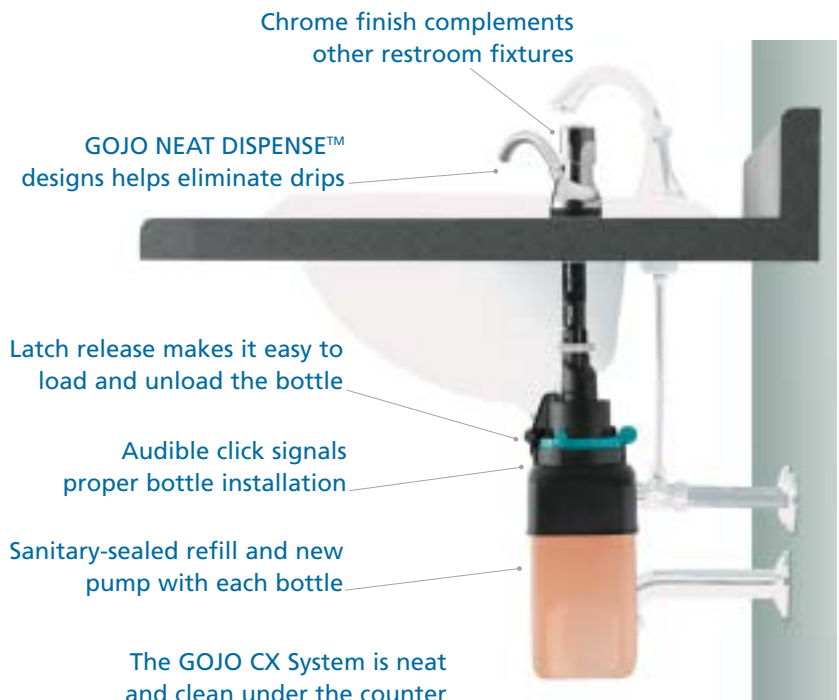

Brand / Description	Order Number
GOJO CX Counter Mount Dispenser	8500-01
GOJO Luxury Foam Handwash – 1500 mL CX Refill	8561-02
GOJO Green Certified Foam Hand Cleaner – 1500 mL CX Refill	8565-02

Compare the GOJO® CX™ System to traditional counter mount dispensers:

	GOJO CX System	Traditional Counter Mount Dispensers
Soap	Luxurious foam soap	Liquid soap
Servicing	Simple – just snap in a sanitary-sealed refill	Time-consuming and messy top fill – you know system is full when it overflows
Under Sink Area	Neat and clean	Messy – soap build up
Reliability	Dispensers are guaranteed for life	Dispensers frequently need to be repurchased
Soap Reservoir	New bottle and pump with each refill	Continually reused – leads to clogs, drips, and possible product contamination

No more drips. No more mess.
No more trouble. **Guaranteed.**

FMX™ Foam Soap Systems

Combining Luxury and Convenience

People are excited about foam soaps. They find the smooth, creamy feel very appealing — and enjoy the convenience and luxury. GOJO is leading the way in commercial applications with a superior line of luxury foam soap formulas and our proprietary FMX foam soap dispensers.

FMX dispensers are available in two sizes:

FMX-20™

- Holds a 2000 mL refill in a remarkably small footprint
- Great for high-traffic areas
- Delivers more than 2,800 handwashes
- Features skylight with an extra-large site window
- ADA compliant, one hand push operation
- Available in black or gray
- Optional key lock included

5255

FMX-12™

- Holds a 1250 mL refill in a remarkably small footprint
- Great for locations where a smaller, more traditional dispenser is preferred
- Delivers more than 1,700 handwashes
- Features skylight with an extra-large site window
- ADA compliant, one hand push operation
- Available in black or gray
- Optional key lock included

5160

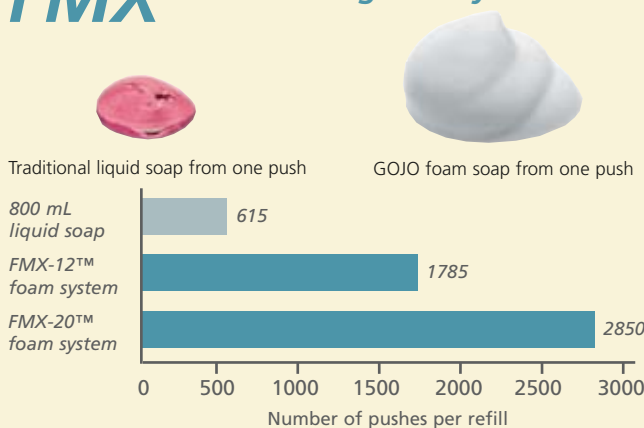

5120

PURELL® FMX-12™

- Holds a 1200 mL refill in a remarkably small footprint
- Great for locations where a smaller, more traditional dispenser is preferred
- Features skylight with an extra-large site window
- ADA compliant, one hand push operation
- Optional key lock included

FMX dispensers offer durable construction, easy-to-load refills and a skylight to illuminate the product inside so that it's easy to see through the extra-large site window. An optional key lock is included for additional security.

FMX™ Combining Luxury and Convenience

Combine GOJO luxury foam soap with the convenient, progressively engineered FMX dispenser and you'll have one powerful cleaning system.

The FMX System provides significantly more handwashes than traditional liquid soap dispensers. Air is infused into the soap as it's dispensed, creating a rich, luxurious lather. Just one push delivers a generous portion of foam – a volume so satisfying in users' hands they don't need to take a second push!

NXT® Dispensing Systems

Balancing Capacity and Space

Traditional
Bag-in-box
Technology

GOJO®
NXT
Technology

Durable, high performance systems that optimize space utilization. Twice as much product fits in the same space as used by traditional bag-in-box dispensing systems. A variety of dispensing options are available.

NXT SPACE SAVER™ Dispenser

- Much smaller footprint than traditional 800 mL dispensers, yet holds 1000 mL of product
- Compact design integrates into most every décor
- ADA depth and push compliant
- Ideal for applications with limited wall space or where décor or usage levels demand smaller dispensers

NXT MAXIMUM CAPACITY™ Dispenser

- Holds 2000 mL of product – twice the capacity of traditional dispensers of similar size
- Helps ensure that employees, guests and tenants will not run out of product
- Requires refilling half as often, saving time and money
- Ideal for high-traffic, high-volume locations where frequent servicing is difficult or impractical
- ADA compliant, one-hand push operation

NXT SIDE-BY-SIDE™ Dispenser

- Holds two 1000 mL refills
- Encourages total skin care regimen with any combination of cleanser, sanitizer or moisturizer
- Create whatever combination of products to best meet your needs:
 - Two refills of the same product for high-traffic locations
 - Two different products such as soap and hand sanitizer, hand sanitizer and skin lotion, or antimicrobial and general purpose soap
- On-site product labeling system, included with dispensers, identifies contents on each side
- ADA compliant, one-hand push operation

Get the **SIGNOL™** for hand hygiene compliance

Are your employees following good hand hygiene practices? You can depend on the SIGNOL Electronic Handwash Counter to help you monitor the frequency of hand hygiene events.

SIGNOL may also be used to prompt proper handwash duration. An optional audio timer beeps once when users dispense soap, then twice when they've washed for 20 seconds—the time recommended by experts to effectively kill germs.

Protect your work environment by keeping an eye on hand hygiene practices with SIGNOL!

- Portion control, sanitary-sealed refills
- ADA compliant for push force

800 Series Bag-in-Box

- 800 mL Bag-in-Box system
- Portion control, sanitary-sealed refills
- ADA compliant for push force

GEMINI® Dual Cartridge Bag-in-Box

- “Never-empty” dispenser holds two 500 mL cartridges
- When one refill is empty, user switches to a new cartridge
- Portion control, sanitary-sealed refills
- ADA compliant for push force

This unique GOJO dispensing nozzle, available on all GOJO 800 mL Bag-in-Box refills, makes it easy to enjoy the benefit of high quality GOJO formulas without conducting a dispenser change-out. The refills fit most standard 800 mL Bag-in-Box dispensers.* Get the performance of GOJO formulas, even if you aren't yet enjoying the benefits of GOJO dispensers!

* GOJO refills have been tested to perform in dispensers from the following manufacturers. Since models vary, always check fit and performance. Airkem, Betco, Colgate-Palmolive, Coloplast, Ecolab, Hospeco, Kimberly-Clark (Sani-Fresh and OnePak), Kutol, Procter & Gamble, SC Johnson, Sky, Stockhausen and many others.

PRO™ SERIES

Durable, high-capacity dispensing

Rugged, high-capacity PRO Series dispensers offer unmatched performance. Sanitary-sealed, Bag-in-Box refills are easy to load, store and handle. A fresh dispensing valve with each refill ensures no leaks or clogs. Portion control dispensing can significantly reduce total cost per wash.

PRO™ 5000 Dispenser

- 5000 mL capacity for high volume areas
- Large display window shows the refill inside
- ADA compliant, one-hand push operation
- Sanitary-sealed refills
- Easy to load, store and handle
- Portion control helps reduce waste
- Fresh dispensing valve with each refill

PRO™ 2000 Dispenser

- 2000 mL capacity
- Large display window shows the refill inside
- ADA compliant, one-hand push operation
- Sanitary-sealed refills
- Easy to load, store and handle
- Portion control helps reduce waste
- Fresh dispensing valve with each refill

PRO 2000 also available in white.

All PRO SERIES dispensers are constructed of high-impact ABS plastic and guaranteed for life.

PURELL Sanitizing Station

Now it's easy to place PURELL, America's #1 instant hand sanitizer, wherever it's needed. This free-standing unit (dispenser and refills sold separately) offers the combination of a PURELL TFX™ Touch Free Dispenser and a sturdy, moveable stand for use in high-traffic locations. Highly visible signage sends the message that you care about reducing the spread of germs. Easy to assemble, with an attractive design and built-in shield beneath the dispenser to keep surrounding areas clean. Ideal for lobbies, cafeterias, halls, reception areas, restaurants and other high-traffic areas.
